

# DVM registration-update and future plans

**Norman Kwikiriza- CIP UGANDA**

**Date: 2<sup>nd</sup> February, 2017**

# Why do we do DVM registration/Updates?

1. Track progress towards project/ Program/ regional indicators
2. One stop information center for vine buyers (NGOs, commercial farmers etc.)
3. Deeper understanding of the characteristics of our DVMs
4. To provide the Annual SPHI updates

# DVM registration / Update team

## The coordination team

- Julius Okello Juma
  - Jan Low
  - Luka Wanjohi
- Norman Kwikiriza

## Field team

All the country M & E personnel

Norman Kwikiriza (In case there is need)

# NUMBER OF DVMS IN SSA

Country	# DVMS (2015)	# Dropped (Between 2015-August 2016)	# New DVMS (2016)	Total # of DVMS (currently)
Uganda	40	4	20	56
Kenya	79	-	28	107
Tanzania	153	-	21	174
Rwanda	16	-	-	
Mozambique	71	-	50	153
Malawi	22	-		
Zambia	131	-	???	
Madagascar	-	-	???	
Ethiopia	66	20	40	86
Nigeria	20	-	17	17
Ghana	08	-	28	29
Burkina Faso	-	-	16	16
Benin	-	-	-	-

# Challenges in the DVM mapping exercise

- DVMs who are not directly under CIP are difficult to track
- Different tools used to collect DVM instead of ODK
- Challenges of drought
- Small scale DVMs who disappear with time
- DVMs who disappear when the project close
- Labelling of plots need to be improved

# DVM MAPPING PLAN

Country	Project	When information is expected				Need Support?	Any planned survey?
		June	July	Aug	Sept		
Mozambique	SUSTAIN		X				
	VISTA		X				
	NIASSA		X				Feb
Madagascar		X				Yes	
Malawi	SUSTAIN		X			No	
	MIST		X			No	Feb & Aug
	RTC-ACTION		X			No

Rwanda	SUSTAIN				X		
	FtF				X		
Ethiopia					X	Yes	
Nigeria	Jumpstarting	?					
Burkina Faso	Jumpstarting	?					
Ghana	Jumpstarting	?					
Benin		?					

# What is needed from the DVM data collection team

- Submit the DVM information by 15<sup>th</sup> September [The information is always reported in the SPHI meeting in October]
- The demographic data we report is important to us. So it is not only about location information
- Send a separate form to indicate
  - a. The multipliers that have dropped out
  - b. Number of multipliers that are not directly under CIP
