

# The Great Net Tunnel Debate

**The proposition:** the net tunnel technology is an appropriate technology for farmer multipliers

Proponent: Jean Ndirigwe

Opponent: Sam Namanda

# Rules of Engagement

- The proponent & opponent will each have 5 minutes to lay out their argument
- The other panel members will then have 3 minutes each to add their contributions
- Questions & comments from the floor: 15 minutes
- The proponent & opponent will have another 5 minutes each to sum up and wrap up their arguments. This should cover the
  - Disadvantages
  - Advantages
  - What are the gaps in our knowledge about the appropriateness of net tunnels
- There will be two people writing on flip-charts: one recording the pros and one the cons
- At the end the plenary will vote.
